Helpful Search Tips

Names of events may have changed over time.
(For example, "World War I" may be referred to as the "Great War" or the "European Conflict.")

Try various spellings for family names.
(For example, try "Lacy" or "Lacey.")

Try antiquated abbreviations if words don't work.
(For example, substitute "Mer." or "Merc." for "Merchants" or "Mercantile;" or "Thos." for "Thomas.")

The language has evolved!
(For example, try "died" instead of "obituarious," which was not in common use in the 19th Century.)
